OBSERVATIONS		
<p>Synopsis of the film:</p> <p>Vera is a model teenager, daughter of an upper-middle-class couple. She is the princess and pride of her parents. But when they are called to school by the headmaster, they discover a dark side in their daughter that they never expected to exist. From one moment to the next, they realize that not everything is what it seems and that the daughter they have at home is not the same Vera that exists on social media. When they thought they had given the most painstaking education to their daughter, they are forced to admit that they don't even know her. When the situation gets out of control and Vera's own safety seems to be in danger, her parents decide they must act. But will they still be in time?</p>
