Main objectives:

- **SUSTAINABILITY:** Cyprus lacks affordable and clean energy, responsible consumption and production, and climate action. We want to give our students all the means to act in a sustainable and environmentally responsible way in their everyday lives.
- **TECHNOLOGY UNDERSTANDING:** Use of digital and technological means to give teachers and students easy-to-access information, accelerated learning, and fun opportunities to practice what they learn.
- **CHILDREN'S RIGHTS:** All children have the right to be treated fairly, no matter who they are, where they live, what language they speak, what their religion is, if they are a boy or girl, if they have a disability, if they are rich or poor.
