İntroducing Scratch to 3rd Grades - November Task

Nil teacher and one of her students git into this task and they had a Scratch class together. Fırat, they introduced the application and the opportunities of it. How to create a game or a digital educative work supporting their lessons. Ekin(Age 9) as a atudent is experienced about digital coding and she shared her knowledge with her classmates by this way we aimed to emphasize the effect of peer education. Here are the photos of this short workshop.

Next month, our project team organized a workshop for all the teachers At School and widespread the project goals .

At the end of the report you can find the link of Ekin's Scratch project. Thank you for our cooperation.
